

my quatro sorts the men out from the boys

Posted by sorelbow no more - 2009/08/14 22:33

bin on a mp75 job up in newcastle now for the last 3 weeks with my quatro theres also a pft g4 light and a little putzy 22 guess which one hasnt flickered once . you guessed it i have made good money from day one with my old faithfull and on the back of that ive just picked up 3,500 meters on another job . dare i say it but i didnt buy my machine for internal work but when it makes it so easy why not
